

MOTION

18A

I MOVE that the matter of HOUSING AND HOMELESSNESS COMMITTEE REPORT relative to instructions to suspend CARE+ operations in areas impacted by environmental emergencies as declared by the City or State; and related matters, item No. 18 on today's Council Agenda (CF 26-0936) BE AMENDED to the following language:

I THEREFORE MOVE that City Council INSTRUCT the Bureau of Sanitation (LASAN), in collaboration with Council offices, to report back on options to suspend CARE+ operations in areas impacted by environmental emergencies as declared by the City or State, and this suspension should be codified in the procedure guidelines.

I FURTHER MOVE that the City Council INSTRUCT LASAN to report on implementing a posting protocol for any environmental emergencies suspension of homeless encampment cleanups, which is intended to provide notice to unhoused residents that cleanups will not occur. This should include the removal of posted notices and posting of cancellation notices, ideally no later than 12 hours prior to the originally posted start time, and require all suspended operations to be clearly communicated via postings at cooling centers/augmented shelters, social media, and any other public notification systems about the environmental crisis event.

I FURTHER MOVE that the City Council INSTRUCT LASAN to report on including their environmental emergencies protocol in all postings and notices provided to all unhoused residents.

I FURTHER MOVE that the City Council INSTRUCT the Los Angeles's Emergency Management Department to report on efforts to ensure that LASAN is part of the activation that occurs as part of any environmental emergency response.
