Dear Councilmember Jurado,

I ask for your support of the **California Wine Exchange's** request for an alcohol license at 1050 S. Flower in the South Park neighborhood.

I am a resident at Luma, and I live facing the front door of the **California Wine Exchange**. I support their requests with no hesitation.

While I have heard there was some opposition, the space has been a restaurant space for years. And we are host to a very successful outdoor bar space at *Prank* with no problems.

We need more businesses attracting more people to our neighborhood and to downtown LA. The proximity of this restaurant to LA Live, Crypto.Com, and the Convention Center will help draw people into the South Park neighborhood making a more vibrant experience for all

Thank you for your consideration. I hope you'll support California Wine Exchange.

Best regards,
Debra J Shrout
Luma resident - [1100 S. Hope Street](#)
