SUMMARY

In accordance with Executive Directive No. 3, the Los Angeles Police Department (LAPD) is seeking retroactive approval to apply for and accept a \$500,000 grant award under the 2025 Safer Outcomes: Enhancing De-Escalation and Crisis Response Training for Law Enforcement - Support for Law Enforcement Agencies (2025 Safer Outcomes – LE) Grant Program from the Office of Community Oriented Policing Services (COPS Office), United States Department of Justice (DOJ). The grant award has a performance period of October 1, 2025 through September 30, 2027. No matching funds are required for this grant.

The Safer Outcomes Grant Program was established to support law enforcement agencies in implementing and enhancing evidence-based de-escalation and crisis response training programs. The program seeks to improve law enforcement interactions with individuals experiencing behavioral health crises, reduce the likelihood of injury to officers and community members, and strengthen public trust through improved crisis intervention practices.

The LAPD's proposed project aims to develop and implement a Crisis Negotiation Training for Patrol Officers (CNT-PO) program that incorporates classroom instruction, scenario-based learning, and virtual reality (VR) simulation technology. The training curriculum will be designed to improve patrol officers' abilities to recognize behavioral health crises, employ de-escalation techniques, communicate effectively with individuals in crisis, and coordinate appropriate response resources.

The project will provide training to approximately 720 patrol officers assigned throughout the City. The training program will utilize immersive VR technology to create realistic crisis-response scenarios that allow officers to practice decision-making, communication, and de-escalation techniques in a controlled environment. Training scenarios will include encounters involving individuals experiencing mental health crises, substance use disorders, suicidal ideation, and other behavioral health emergencies. Grant project deliverables and funding allocations are provided below.

2025 Safer Outcomes Grant Award Project Deliverables

- Development and implementation of the Crisis Negotiation Training for Patrol Officers curriculum;
- Procurement and deployment of virtual reality training equipment and associated software;
- Delivery of de-escalation and crisis response training to approximately 720 patrol officers;
- Development of customized virtual reality training scenarios reflecting real-world crisis response situations encountered by LAPD personnel;
- Completion of program evaluation and reporting requirements established by the COPS Office.

Grant Award Funding Allocations

- Sworn overtime (\$265,104) and related costs (\$23,832) to support approximately 2,400 hours of officer participation in training activities and associated program administration;
- Audio/Visual equipment and supplies (\$11,002) to support training delivery and program operations;
- Virtual reality system components and contractual services (\$200,062) for the procurement, implementation and delivery of de-escalation and crisis training for the duration of the grant period.

In accordance with Los Angeles Administrative Code Section 14.6, Mayor and Council approval is required for the acceptance of the grant award before the LAPD can receive any grant funds.

FISCAL IMPACT STATEMENT

Approval of the recommendations stated in this report will allow for the expenditure of the 2025 Safer Outcomes: Enhancing De-Escalation and Crisis Response Training for Law Enforcement - Law Enforcement Agencies grant award of \$500,000 from the Office of Community Oriented Policing Services, United States Department of Justice. No matching funds are required for this grant. There is no additional impact on the General Fund.

FINANCIAL POLICIES STATEMENT

The recommendations stated in this report comply with the City's Financial Policies in that all grant funds will be utilized for grant-eligible activities.

DISCUSSION

The Los Angeles Police Department (LAPD) is seeking retroactive approval to apply for and accept a \$500,000 grant award for the 2025 Safer Outcomes: Enhancing De-Escalation and Crisis Response Training for Law Enforcement – Support for Law Enforcement Agencies (2025 Safer Outcome – LE) from the United States Department of Justice, Office of Community Oriented Policing Services for the period of October 1, 2025, through September 30, 2027. provides patrol officers with advanced de-escalation tactics and crisis negotiation skills that will reduce the application of force on law violators as well as on persons in crisis or with mental illness. Specifically designed Virtual Reality (VR) scenarios involving persons in crisis or with mental illness or with disabilities, will be integrated as training scenarios. Deliverables will include CNT-PO course curriculum, specially designed VC training scenarios, approximately 720 patrol officers to complete the training, and an evaluation report detailing the student assessment of the CNT-PO, lessons learned, and best practices.

The 2025 Safer Outcome - LE grant funds budgets \$288,936 for approximately 2,400 hours of sworn overtime and related costs for CNT-PO instructors, \$11,002 for supplies to support the project; and \$200,062 for the procurement of the VR system

Office for Civil Rights Notice for All Recipients

The Office for Civil Rights (OCR), Office of Justice Programs (OJP), U.S. Department of Justice (DOJ) enforces federal civil rights laws and other provisions that prohibit discrimination by recipients of federal financial assistance from OJP, the Office

of Community Oriented Policing Services (COPS), and the Office on Violence Against Women (OVW).

Several civil rights laws, including Title VI of the Civil Rights Act of 1964 and Section 504 of the Rehabilitation Act of 1973, require recipients of federal financial assistance (recipients) to give assurances that they will comply with those laws.

Taken together, these and other civil rights laws prohibit recipients from discriminating in the provision of services and employment because of race, color, national origin, religion, disability, and sex or from discriminating in the provision of services on the bases of age.

Some recipients of DOJ financial assistance have additional obligations to comply with other applicable nondiscrimination provisions like the Omnibus Crime Control and Safe Streets Act of 1968, which prohibits discrimination on the basis of religion in addition to race, color, national origin, and sex. Recipients may also have related requirements regarding the development and implementation of equal employment opportunity programs.

OCR provides technical assistance, training, and other resources to help recipients comply with civil rights obligations. Further, OCR administratively enforces civil rights laws and nondiscrimination provisions by investigating DOJ recipients that are the subject of discrimination complaints. In addition, OCR conducts compliance reviews of DOJ recipients based on regulatory criteria. These investigations and compliance reviews permit OCR to evaluate whether DOJ recipients are providing services to the public and engaging in employment practices in a nondiscriminatory manner.

For more information about OCR, your civil rights and nondiscrimination responsibilities, how to notify your employees or beneficiaries of their civil rights protections and responsibilities and how to file a complaint, as well as technical assistance, training, and other resources, please visit www.ojp.gov/program/civil-rights-office/outreach. If you would like OCR to assist you in fulfilling your civil rights or nondiscrimination responsibilities, please contact us at askOCR@ojp.usdoj.gov or www.ojp.gov/program/civil-rights-office/about#ocr-contacts.

Proposal Abstract

Through the FY25 Safer Outcomes, the Los Angeles Police Department (LAPD) is proposing to implement Crisis Negotiation Training for Patrol Officer (CNT-PO). The 8-hour training provides patrol officers with advanced de-escalation tactics and crisis negotiation skills that will reduce the application of force on law violators as well as on persons in crisis or with mental illness. Specifically designed Virtual Reality (VR) scenarios involving persons in crisis or with mental illness or with disabilities, will be integrated as training scenarios. Deliverables will include CNT-PO course curriculum, specially designed VC training scenarios, approx 720 patrol officers trainees, and an evaluation report detailing the student assessment of the CNT-PO, lessons learned, and best practices.

Problem Identification

Describe your agency's overall philosophy toward de-escalation and responding to persons in crisis, and how this project will enhance the ability to perform in accordance with that philosophy.

The Los Angeles Police Department's (LAPD or Department) overall philosophy toward de-escalation and responding to persons in crisis is guided by the principles of preserving life, public safety, and fostering trust through compassion and communication. The Department emphasizes the importance of using time, distance, and effective communication to reduce the need for force, especially when engaging individuals experiencing mental illness, emotional distress, or behavioral crises.

LAPD recognizes that patrol officers are often the first to respond to unpredictable and high-stress situations. As such, the Department prioritizes training that helps officers assess threats accurately, regulate their own stress responses, and utilize nonviolent resolution strategies whenever safely possible. The core approach includes techniques such as active listening, tactical disengagement, and empathy-driven communication, tools essential for calming individuals and guiding them toward voluntary compliance.

The LAPD proposes to implement the Crisis Negotiation Training for Patrol Officers (CNT-PO) which directly aligns and enhances this philosophy. The CNT-PO equips patrol officers with advanced de-escalation and crisis negotiation skills, traditionally reserved for specialized units, along with specifically designed Virtual Reality (VR) scenarios involving persons in crisis or with mental illness or with disabilities. The training expands the Department's ability to respond to crises at the earliest point of contact and better prepare officers to recognize and respond appropriately, build rapport under pressure, and resolve situations without resorting to force, and strengthen public confidence in the LAPD's ability to handle complex, sensitive incidents with professionalism and care.

Project Description

Instructions: Supported training programs must address one or more of the following areas of focus. Proposals may address multiple areas of focus but there is no prioritization of proposals that do so. Descriptions of these areas can be found in the section titled Areas of Focus. De-escalation tactics and alternatives to use of force. Safely responding to an individual experiencing a mental or behavioral health or suicidal crisis. Safe encounters with individuals with disabilities. Successfully participating on a crisis intervention team. Making referrals to community-based services and support.

Does this project propose training on de-escalation tactics and alternatives to use of force (as defined in the Areas of Focus section of the solicitation documents)?

Yes

Please provide a comprehensive description of the training proposed on de-escalation tactics and alternatives to use of force. Include detailed information on proposed curriculum(s), vendor(s), instructor qualifications, training modalities, frequency and duration of training, and intended training participants (i.e. number, rank, and position).

The training is a comprehensive de-escalation training program designed to equip patrol officers with enhanced communication and negotiation skills, traditionally utilized by crisis negotiation teams and will use VR for its training scenarios. The goal is to reduce the application of force, increase voluntary compliance, and improve outcomes in encounters involving individuals in crisis or those

experiencing mental illness. The curriculum will combine core de-escalation principles with adapted crisis negotiation strategies, structured around the following key components:

- Introduction to Crisis Negotiation Concepts, Foundations of De-Escalation, Active Listening Skills (ALS), Tactical Communication Techniques, Empathy, open-ended questioning, paraphrasing, emotional labeling
- Real-world case studies from SWAT/CNT deployments
- Identifying signs of mental illness or emotional distress
- Tactical Disengagement
- Scenario-Based Practical Exercises
- Realistic role-playing involving actors and simulation
- Performance-based evaluation and feedback
- Virtual reality scenarios and experiences

Does this project propose training on safely responding to an individual experiencing a mental or behavioral health or suicidal crisis (as defined in the Areas of Focus section of the solicitation documents)?

Yes

Please provide a comprehensive description of the training proposed on safely responding to an individual experiencing a mental or behavioral health or suicidal crisis. Include detailed information on proposed curriculum(s), vendor(s), instructor qualifications, training modalities, frequency and duration of training, and intended training participants (i.e. number, rank, and position).

As part of the CNT-PO, a dedicated training module will focus safely responding to individuals experiencing mental or behavioral health crises, including those at risk of suicide. This module is designed to ensure officers can recognize signs of crisis, apply effective de-escalation techniques, and connect individuals with appropriate resources while minimizing the need for force.

Module Training Goals:

- Increase officer awareness and understanding of mental and behavioral health conditions
- Improve safety for all involved through de-escalation and tactical communication
- Reduce use-of-force incidents involving individuals in crisis

Does this project propose training on safe encounters with individuals with disabilities (as defined in the Areas of Focus section of the solicitation documents)?

Yes

Please provide a comprehensive description of the training proposed on safe encounters with individuals with disabilities. Include detailed information on proposed curriculum(s), vendor(s), instructor qualifications, training modalities, frequency and duration of training, and intended training participants (i.e. number, rank, and position).

As part of the CNT-PO, a dedicated training module will focus on safely and effectively engaging individuals with disabilities, including physical, intellectual, developmental, and sensory disabilities. This module is essential for ensuring that all officers understand how disabilities may influence behavior and communication, and how to respond in a manner that is safe, respectful, and compliant with the department's standard.

Module Training Goals:

- Improve officer awareness and understanding of disability-related behaviors and needs

- Reduce risk of misinterpretation and unnecessary escalation during encounters
- Promote trust, dignity, and equitable treatment of individuals with disabilities

Does this project propose training on successfully participating on a crisis intervention team (as defined in the Areas of Focus section of the solicitation documents)?

Yes

Please provide a comprehensive description of the training proposed on successfully participating on a crisis intervention team. Include detailed information on proposed curriculum(s), vendor(s), instructor qualifications, training modalities, frequency and duration of training, and intended training participants (i.e. number, rank, and position).

In 1993, the LAPD's Mental Evaluation Unit (MEU), in partnership with the Los Angeles County Department of Mental Health (LACDMH), instituted Systemwide Mental Assessment Response Team (SMART), one of the first police/mental health co-responder teams and is one of the most recognized and largest crisis intervention team (CIT) in the country. The SMART, comprised of an LAPD Police Officer and a LACDMH Clinician, responds to mental health-related calls to effectively engage and link persons with a mental health disorder to appropriate services.

As part of the CNT-PO, a dedicated training module will focus on equipping the patrol officers the knowledge, skills, and abilities to identify people with mental illness and effectively assess, communicate, intervene, and manage field encounters. The CNT-PO will enhance officers' ability to safely resolve critical incidents through verbal communication rather than force. This training is designed to give officers the tools needed to manage high-risk, emotionally charged incidents or individuals in severe emotional or mental health crisis. The module is designed to engage safely and effectively with individuals in crisis; apply structured negotiation strategies to gain voluntary compliance; collaborate closely with tactical teams and command staff; preserve life and reduce the necessity of tactical force

Module Training Goals.

- Demonstrate proficiency in crisis communication and active listening
- Understand the behavioral, emotional, and psychological dynamics of subjects in crisis
- Coordinate seamlessly with mental health professionals

Does this project propose training on making referrals to community-based services and support (as defined in the Areas of Focus section of the solicitation documents)?

Yes

Please provide a comprehensive description of the training proposed on making referrals to community-based services and support. Include detailed information on proposed curriculum(s), vendor(s), instructor qualifications, training modalities, frequency and duration of training, and intended training participants (i.e. number, rank, and position).

As part of the CNT-PO, a dedicated training module will focus on equipping officers with the knowledge and skills needed to effectively identify, engage, and refer individuals in crisis to appropriate community-based services and support systems. This training is essential for reducing repeated law enforcement contact with individuals and promoting long-term public safety through care-focused alternatives to arrest or hospitalization.

Module Training Goals:

- Recognize when an individual would benefit more from social services than criminal justice intervention
- Build working knowledge of local resources, including mental health, housing, addiction treatment, and victim support services
- Facilitate timely and appropriate referrals during or after a field contact
- Support diversion efforts that prioritize treatment and stability

What are the learning objectives of the training program proposed? If multiple trainings are proposed, include all learning objectives, and indicate what training they are linked to.

Traditionally, crisis negotiation skills are reserved for a select group of specialized officers trained to handle hostage and high-risk incidents. However, these communication-based tactics such as active listening, tactical disengagement, mirroring, and rapport-building, have strong potential to be effective in everyday patrol scenarios. By introducing these techniques into regular patrol training, it'll give officers the practical tools to defuse tense situations before they escalate. Additionally, the integration of VR scenarios involving persons in crisis or with mental illness or with disabilities, in a Los Angeles specific, as training scenarios will enhance officers' ability to manage volatile encounters more safely and effectively, ultimately reducing the likelihood of injury to officers, community members, and suspects. It reflects the LAPD's ongoing commitment to progressive, community-centered policing and the prioritization of life-preserving alternatives in the field.

The proposed training program aims to enhance patrol officers' capabilities in de-escalation, crisis intervention, and alternatives to the use of force. The learning objectives are carefully aligned with the LAPD's philosophy of preserving life and public safety. The proposed training program looks to incorporate Officer Safety and Public Safety, Crisis Recognition and Assessment Skills, Effective Communication and Negotiation Techniques, Integrate Crisis Negotiation Principles, Collaborate with Mental Health Resources, Enhance Officer Decision-Making Under Stress and Improve Response to Individuals in Crisis and with Disabilities. Additionally, on top of the more traditional presentations and live scenario based training, the CNT-PO will incorporate specific VR scenarios into the training.

Does the proposed project include the purchase of equipment or technology to support training?

Yes

Please identify the type of equipment or technology proposed for purchase.

Portable Virtual Reality Trainer

Please identify the vendor(s) of equipment or technology proposed. If not yet known, please type "unknown."

Although the research needs to be done on what and which virtual reality system would be most compatible for the needs of this training, the LAPD's current Virtual Reality capabilities was acquired with V-Armed.

Please identify, in specific terms, how the proposed equipment or technology purchase will contribute to the development or enhancement of a larger de-escalation training program.

The LAPD proposes to have a portable Virtual Trainer that contains specific Los Angeles locations and specifically designed Virtual Reality scenarios involving persons in crisis or with mental illness or with disabilities, will be integrated as training scenarios. These scenarios will be utilized as training scenarios as opposed to the traditional role-playing scenarios.

Management and Implementation

Will participant learning, participant satisfaction, knowledge retention, and/or skill usage be assessed?

Yes

Explain how participant learning, participant satisfaction, knowledge retention, and/or skill usage be assessed.

The LAPD will evaluate (1) training performance and (2) program effectiveness. Training performance evaluation will consist of quantitative and qualitative measurements. The LAPD will track the number of training sessions conducted throughout the grant period and report on the number of participants who completed each session. It will also collect information on participants - e.g., rank, division of assignment, etc. - and the feedback received regarding the training through classroom surveys, to assess whether the identified course objectives were achieved and to provide instructor feedback.

Program effectiveness will be measured by a semi-annual feedback by graduates to determine what part of the curriculum has been of the greatest value to first-responder operations, what topical content graduates could use more instruction on in the future, what impact if any have had in the graduates' jurisdictions, and to what extent crisis negotiation techniques have been built into the graduates' everyday operational processes. The results of the evaluation processes will be shared with COPS. SWAT will work with the TTA in the development and implementation of the evaluation.

Has the proposed training been certified by a nationally recognized certification program, a state POST, or developed by the U.S. Department of Justice?

Yes

Identify relevant certification or development of the proposed training.

The California Commission on Peace Officer Standards and Training (POST) has certified an in-person, one-day, 8-hour Crisis Negotiation Training for Police Officers. An updated curriculum will be submitted to reflect the specific modules identified in the proposed training and the VR scenarios that will be integrated in the training.

Does the proposed training have support from agency leadership?

Yes

Describe how agency leadership has demonstrated support for the proposed training.

The LAPD command staff has demonstrated strong and sustained support for previous CNT-PO as part of the Department's broader commitment to de-escalation and community-oriented policing. The LAPD had approved and supports the proposed enhancement and expanded training to incorporate the different modules and VR scenarios. This support is evident through strategic planning, resource allocation and policy direction.

The LAPD offers resources such as availability of a training facility, an extensive professional network, and personnel that have the blend of law enforcement, training experience, and project management skills necessary to get the project off the ground quickly and effectively.

Aside from an existing partnership with Los Angeles County Department of Mental Health for LAPD's Crisis Intervention Teams, LAPD also has established relationships with the National Alliance on Mental Illness and the Autism Society Los Angeles, who will be invited to collaborate with during the planning of the CNT-PO.

Please identify key staff who will be responsible for implementing this project, including a brief description of their experience and current role.

Captain Cliff Humphris will be the project director and will provide the overall direction and management of the grant program. Captain Humphris is a 31-year LAPD veteran and is the commanding officer of the Metropolitan Division (Metro). The Metro respond to a wide array of high-risk situations, provide specialized tactics and firearms training, assist in solving major crimes, and provides support to community outreach efforts.

Sergeant II+III Floyd Curry will be the program manager and will be responsible for the day-to-day management of the grant including scheduling and staffing the training sessions. Officer Curry is a 28-year LAPD veteran and is assigned to the LAPD Special Weapons and Tactics (SWAT) team as a squad leader responsible for command and control and providing supervisory oversight during SWAT callouts involving barricaded suspects, hostage taking incidents, suicidal subjects and warrant services.

Police Officer III+III Martin Beck will be the CNT-PO Training Cadre Lead and will be responsible for convening the working group to update and expand the CNT-PO curriculum and evaluation and will coordinate the implementation of the training sessions. Officer Beck is a 17-year LAPD veteran and is assigned to the LAPD SWAT, he is also a part of the SWAT Training Cadre.

Police Officer III Carlos Martinez will be part of the working group and will coordinate MEU personnel during the implementation of the training sessions. Officer Martinez is assigned to the LAPD MEU Training Detail and has developed and led training programs on crisis intervention, cognitive disorders, and officer wellness.

The LAPD Grants Section manages over 30 active federal and state grants. A grants analyst will be assigned to manage the administrative aspects of the grant including preparing and submitting financial and progress reports and ensuring all grant requirements are met and expenditures follow both the City and Department of Justice financial policies and guidelines.

Please identify any deliverables expected to result from this project. Deliverables might include training deliveries (agencies will be required to report on the number of individuals trained during each performance period), training curriculum development; training aides created (e.g., videos, toolkits, presentations), reports generated as the result of data analysis or after-action review, policies created or revised, or presentations or reports of findings relevant to the projects funded through this grant.

At the end of the performance period, the LAPD will have the following deliverables:

- a. A POST-certified course curriculum for an in-person, one-day, 8-hour Crisis Negotiation Training for Police Officers.
- b. A Virtual Reality trainer that will provide VR training scenarios
- c. The proposed project is expected to train 840 patrol officers (with approximately 20% from surrounding law enforcement agencies) in basic crisis negotiation skills for patrol officers.

d. There will be two evaluations: 1) training performance and (2) program effectiveness. These will be used to assess the CNT-PO, determine lessons learned, and document best practices.

Please explain how the expected outcomes of this project will be sustained after the performance period of the award has ended.

Once the course is developed, it will be included in the LAPD's standard in-service training where the training cadre will be able to continue implementation during work hours. Since funding under this project is limited, the goal is to gradually continue to conduct training until all funds have been used for training. The LAPD will also look for other source of funding to fund overtime for the training cadre to be able to conduct more training sessions.

Law Enforcement and Community Policing Strategy

Instructions: The following is the COPS Office definition of community policing that emphasizes the primary components of community partnerships, organizational transformation, and problem solving: Community policing is a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem solving techniques to proactively address the immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime. Please refer to the COPS Office website (<https://cops.usdoj.gov/RIC/ric.php?page=detail&id=COPS-P157>) for further information regarding this definition and its sub-elements. Please answer the following questions regarding your community support and impact on the jurisdiction.

To what extent is there community support in your jurisdiction for implementing the proposed award activities?

High level of support

If awarded, to what extent will the award activities impact the other components of the criminal justice system in your jurisdiction?

Potentially increased impact

Explain how the proposed activities address a specific public safety need. (max 250 words)

The proposed Crisis Negotiation Training for Patrol Officers addresses a critical and growing public safety need: safely managing encounters involving individuals in mental health crises, emotional distress, or exhibiting unpredictable behavior. Patrol officers are often the first responders to these calls, yet many lack the specialized skills traditionally reserved for crisis negotiation teams.

This training bridges that gap by equipping officers with proven de-escalation and negotiation techniques, including active listening, rapport-building, tactical disengagement, and behavioral assessment. These skills are essential to reducing the risk of force, injuries, and escalation in the field. As mental health-related calls for service continue to rise across the country, prevention-focused solution that enhances both officer safety and community outcomes is critical. By helping officers to resolve volatile situations through communication rather than confrontation, this program strengthens public trust, supports individuals in crisis, and ensures better alignment with the LAPD's goals of preserving life and protecting the most vulnerable. The training also supports compliance with evolving expectations around use-of-force reform and crisis intervention best practices, fulfilling a critical public safety priority for the City of Los Angeles.

Explain how the proposed activities will be utilized to reorient any affected law enforcement agency's mission toward community-oriented policing or enhance its involvement in or commitment to community-oriented policing. (max 250 words)

The proposed CNT-PO training directly supports and reorients the LAPD's mission toward a more community-oriented policing approach by shifting the focus from control and compliance to communication, empathy, and partnership. Community-oriented policing relies on building trust, fostering transparency, and creating long-term solutions to public safety concerns. Particularly when serving vulnerable populations such as individuals experiencing mental health crises or living with disabilities.

By training officers in de-escalation and crisis negotiation techniques, it enhances officers' ability to resolve conflicts peacefully and connect individuals in crisis to appropriate services rather than relying on enforcement or arrest. This proactive, person-centered approach encourages officers to view themselves not just as enforcers of the law, but as problem-solvers and community caretakers.

Identify any current governmental, community or agency initiatives that complement or will be coordinated with the proposed activities. (max 250 words)

One of the LAPD's goal under the current Strategic Plan is to Improve Organizational

Accountability & Restructuring, which aims to identify patterns of risk associated with the use of force and continue the commitment to reduce uses of force by emphasizing de-escalation techniques in training and praising effective use of de-escalation in the field.

During the planning phase of this grant program, activities include (1) assessing department training and policy to identify gap deficiencies, (2) bolstering de-escalation training and techniques department-wide, (3) seeking national best

practices and modifying training as needed, (4) emphasizing de-escalation during reviews of non-categorical use of force adjudications and (5) utilizing findings and identifying patterns to reduce incidents of non-categorical uses of force. Additionally, the LAPD will seek input from current partners including Los Angeles County Department of Mental Health National Alliance on Mental Illness and the Autism Society Los Angeles.

Identify any key community or other stakeholder partnerships (community groups, private and/or public agencies) that will play a role in the implementation of the proposed activities. (max 250words)

The LAPD has an existing partnership with Los Angeles County Department of Mental Health (LACDMH) for LAPD's Crisis Intervention Teams. LAPD also has established relationships with the National Alliance on Mental Illness and the Autism Society Los Angeles. The CNT-PO program manager will coordinate with these existing partner to collaborate and seek input during the planning of the CNT-PO.

Describe the strategy to consult with any community groups and appropriate private and public agencies in the implementation of the proposed activities. (max 250 words)

The LAPD has an existing partnership with Los Angeles County Department of Mental Health (LACDMH) for LAPD's Crisis Intervention Teams. LAPD also has established relationships with the National Alliance on Mental Illness and the Autism Society Los Angeles. The CNT-PO program manager will coordinate with these existing partner to collaborate and seek input during the planning of the CNT-PO.

Additionally, All policies require approval from the Board of Police Commissioners. Meetings to approve these items are open to the public who are invited to comment and provide feedback. The overall community engagement piece for the planned crisis negotiation/de-escalation course will be disseminated on multiple fronts in addition to our course advertisement and listings. One of the entities that will help disseminate public awareness of the policies and/or procedures developed from this project is the LAPD Media Relations Division (MRD). The MRD officers and support staff use current and relative forms of media to keep the public informed as to the Department's activities. They foster mutual respect and cooperation between the LAPD and all prominent news media. Another entity that will help disseminate public awareness of our officer de-escalation course is the Community Relations Division (CRD). CRD was established to consolidate many of our community policing and community outreach functions throughout the department. The goal of CRD is to build and maintain trust between the diverse communities in Los Angeles and our department, through digital media technologies such as Twitter and Instagram.

Explanation of Need for Financial Assistance

All applicants are required to explain their inability to address the need for this award without federal assistance. Please do so in the space below.

For Fiscal Year 2025-2026, the approved City budget resulted in a workforce reduction in LAPD, including a 50% reduction in recruit classes and reduced overtime budget. Although it is anticipated that the LAPD will still be able to perform effective enforcement and policing, a number of initiatives will most likely be reduced or put on hold.

In California, law enforcement officers are required to complete at least 2 hours of

de-escalation training every two years. Since CNT-PO is a supplemental, though important, training in de-escalation, the LAPD might not have enough funding to provide this monthly opportunity outside of grant funding. The CNT-PO training will be implemented outside of the Metro's normal function and work hours. Only grant funding will enable the LAPD to implement the CNT-PO.

Instructions: Applicants are required to disclose whether they have pending applications for federally funded assistance or active federal awards that support the same or similar activities or services for which funding is being requested under this application. Be advised that as a general rule, COPS Office funding may not be used for the same item or service funded through another funding source. However, leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate. To aid the COPS Office in the prevention of awarding potentially duplicative funding, please indicate whether your agency has a pending application or an active award with any other federal funding source (e.g., direct federal funding or indirect federal funding through state sub-awarded federal funds) which supports the same or similar activities or services as being proposed in this COPS Office application.

Part 23. If you are requesting COPS Office funds to operate a single agency database (or other unrelated forms of technology) and will not share criminal intelligence data with other jurisdictions, 28 C.F.R. Part 23 does not apply. Please review the CPA Resource Guide for additional information. Please check one of the following, as applicable to your agency's intended use of COPS Office funds:
