APPLICANT'S DECLARATION OF BIOLOGICAL RESOURCES

The California Environmental Quality Act (CEQA) directs public agencies to assess and disclose the environmental effects of the projects it approves. In determining whether a proposed project is subject to CEQA, the City of Los Angeles is required to consider any potentially adverse impacts the project may have on biological resources. Failure by a project applicant to disclose known biological resources on the project site may result in a violation of CEQA.

Date of Site Visit: February 10, 2025

Project Address or APN(s)¹: 2375-018-008, -013, -018 & -019

Does the project site contain certain known biological resources, and if so, will the project require biological analysis by a qualified biologist? (Follow the instructions for each respective answer.)

☒ **Yes.** The project site contains one or more of the following biological resources: (Check all that apply)

☐ Water Resources, including but not limited to, streams, wetlands, or other permanent / seasonal water bodies

☐ Protected Trees and/or Shrubs (See Appendix A)

- For projects that contain protected trees and shrubs that may be impacted or removed as the result of a project, a Tree Disclosure Statement ([CP-4067](#)) and/or a Tree Report ([CP-4068](#)) will need to be filed.

☐ Falls within the Monarch Butterfly Potential area as indicated in ZIMAS

- For projects that fall within this area, a Habitat Integrity Analysis form will need to be filed.

☒ Other sensitive/special resources requiring additional review: (Describe below):
California Natural Diversity Database (CNDDDB) records of sensitive and special status species within the appropriate United States Geological Survey (USGS) quadrangle and/or within a 0.25-mile radius of the project site

☐ **No.** The project site does not contain any of the above biological resources.

*If **No**, sign and notarize the signature at the bottom of the form and return the notarized form (plus Appendix B attachments) to the appropriate department within the City of Los Angeles at the time of filing for permits/entitlements.*

*If **Yes**, will the project remove or possibly affect any of the above marked biological resources (e.g., set up construction staging near tree trunks)?*

¹ Include the entire site, not just the development footprint.

- 
- ☐ **Yes.** The project will require biological resources analysis (Biological Resources Report) by a Qualified Biologist. (See Appendix A)
- ☒ **No.** The project site will not remove or possibly affect any of the above biological resources.

*If **No**, sign and notarize the signature at the bottom of the form and return the notarized form (plus Appendix B attachments) to the appropriate department within the City of Los Angeles at the time of filing for permits/entitlements.*

1. I hereby certify that the information provided in this application, including plans and other attachments, is accurate and correct to the best of my knowledge. Furthermore, should the stated information be found false or insufficient to fulfill the requirements of the Department of City Planning, I agree to revise the information as appropriate.
2. I hereby certify that I have fully informed the City of the nature of the project for purposes of the California Environmental Quality Act (CEQA) and have not submitted this application with the intention of segmented a larger project in violation of CEQA. I understand that should the City determine that the project is part of a larger project for purposes of CEQA, the City may revoke any approvals and/or stay any subsequent entitlements or permits (including certificates of occupancy) until a full and complete CEQA analysis is reviewed and appropriate CEQA clearance is adopted or certified.
3. I understand that the environmental review associated with this application is preliminary, and that after further evaluation, additional reports, studies, applications and/or fees may be required.
4. I understand and agree that any report, study, map or other information submitted to the City in furtherance of this application will be treated by the City as public records which may be reviewed by any person and if requested, that a copy will be provided by the City to any person upon the payment of its direct costs of duplication.
5. I understand that the burden of proof to substantiate the request is the responsibility of the applicant. Additionally, I understand that planning staff are not permitted to assist the applicant or opponents of the project in preparing arguments for or against a request.
6. I understand that there is guarantee, expressed or implied, that any permit or application will be granted. I understand that each matter must be carefully evaluated and that the resulting recommendation or decision may be contrary to a position taken or implied in any preliminary discussions.
7. I understand that if this application is denied, there is no refund of fees paid.
8. I understand and agree to defend, indemnify, and hold harmless, the City, its officers, agents, employees, and volunteers (collectively "City"), from any and all legal actions, claims, or proceedings (including administrative or alternative dispute resolution (collectively "actions")), arising out of any City process or approval prompted by this Action, either in whole or in part. Such actions include but are not limited to: actions to attack, set aside, void, or otherwise modify, an entitlement approval, environmental review, or subsequent permit decision; actions for personal or property damage; actions based on an allegation of an unlawful pattern and practice; inverse condemnation actions; and civil rights or an action based on the protected status of the petitioner or claimant under state or federal law (e.g. ADA or Unruh Act). I understand and agree to reimburse the City for any and all costs incurred in defense of such actions. This includes, but is not limited to, the payment of all court costs and attorneys' fees, all judgements or awards, damages, and settlement costs. The indemnity language in this paragraph is intended to be interpreted to the broadest extent permitted by law and shall be in addition to any other indemnification language agreed to by the applicant.

9. I understand that the City is protected by numerous statutory immunities from liability for damages that may be caused by its land use regulatory actions, as set forth in Government Code, section 818, et seq. For instance, the City cannot be held liable for personal or property injuries or damages allegedly caused by its approval and issuance of any discretionary permit, entitlement or approval (Gov. Code § 818.4), or its failure to inspect or its negligence in inspecting a property for the purpose of determining whether the property complies with or violates any permit, entitlement or approval or contains or constitutes a hazard to health or safety (Gov. Code § 818.6).
10. By my signature below, I declare under penalty of perjury, under the laws of the State of California, that all statements contained in this application and any accompanying documents are true and correct, with full knowledge that all statements made in this application are subject to investigation and that any false or dishonest answer to any question may be grounds for denial or subsequent revocation of license or permit.
