Council File No: 26-1150

Comments for Public Posting: I support Councilmember McOsker's motion, Council File #26-1150. Illegal street takeovers are public nuisances, dangerous, and destructive. They hurt local businesses and create major public safety concerns. They have a negative impact on local residents' quality of life and lower real estate values. Local and neighboring districts must work together and partner up with the appropriate departments to take back our streets. Perhaps implementing laws that (1) clearly identify these types of criminal activities and their tougher punishment, and (2) laws that give law enforcement more latitude to enforce them would help. Thank you, Councilmember McOsker, for always listening to your constituents and making efforts to address their concerns and working with others to resolve the issues in your district (and sometimes beyond). We appreciate you and your team!

Council File No: 26-1150

Comments for Public Posting: I STRONGLY SUPPORT Council File #26-1150, a motion introduced by Councilmember Tim McOske. I am tired of illegal street takeover news week after week. It is getting bolder and happening more frequently. If it is not yet happening in your neighborhood, it will soon spread there if we don't take control of the situation now. Let us all work together to keep our community safe. Thank you, Councilmember McOske, for listening and taking action to address this problem.
