Comments for Public Posting: Illegal street takeovers have become rampant in the City of Los Angeles strip adjacent to cities in the South Bay. The noise and street blockages and damage to street infrastructure is affecting neighborhoods and businesses in the area and the noise from the cars in the early morning hours can be heard from miles around. Law enforcement must be given the tools to deal with these criminals before worse incidents start occurring. I have personally been blocked from traveling on Redondo Beach Blvd. during daylight hours due to backed up traffic from a street takeover.

Comments for Public Posting: Please do everything you can to stop these illegal street takeovers. They are dangerous, disruptive, cause lots of damage to roadways!! We need more law enforcement keeping watch to shut these things down immediately. Impound their cars, arrest them!!! Not just a ticket!!!
