Comments for Public Posting: These streets takeovers are becoming more frequent and happening past midnight around Figueroa St and Alondra Blvd. even on Broadway, Main & Gardena Blvd. They are dangerous not only to themselves but the car's that are parked and the spectators. Not only to include the disturbance to the community around 2/3a.m. The car's drive beyond the limit on figueroa st. and wake us all up. I even hear the the pedestrians walking or running to get to their car's so they can leave and not get caught for spectating. There needs to be a stronger enforcement to these people that are being careless so that they stop doing this and no one gets hurt.

Comments for Public Posting: Dear Council Members: We reside in the Harbor Gateway Community of Los Angeles, (Alondra and Figueroa), Gardena, CA that is serviced by several jurisdictions. (Los Angeles Southeast Division, Carson Sheriff Department, Los Angeles Police Department, and the Gardena Police Department Our community is being terrorized, our safety is being compromised, and our streets are being overrun due to numerous Street Takeovers that occur weekly between the hours of 2:00 a.m. 5:00 a.m. Large groups of people are gathering to watch, and walking or running through our neighborhood for observation of these Takeovers. These events are a public nuisance creating noise and destruction of our streets. The Law Enforcement response is very timely, and the absolute best sounds we hear are police sirens after we report these incidents to 911. We are extremely grateful for their assistance; however additional help is necessary. We request the installation of traffic calming measures, such as speed humps, or installation of cameras for observation to record license numbers and impounding of vehicles participating in these incidents. Thank you, Council Member Tim McOskey, for introducing this measure to assist in resolution of these very serious hazards and safety concerns in our community. The implementation of traffic calming measures and enforcement of applicable laws related to these incidents will hopefully serve as an effective deterrent for those who continue to impact our community with Street Takeovers. Thank you . Your assistance is greatly appreciated.
