SUMMARY

At its meeting held on September 16, 2026, your Arts, Parks, and City Facilities Committee considered Motion (Jurado for Rodriguez - McOsker), dated September 9, 2026, relative to instructing the DAS, with assistance from the GSD and any other appropriate City departments, to report on the condition and capital improvement needs of all properties utilized by the DAS. A current comprehensive facilities assessment of the condition of each DAS property and the outstanding and anticipated capital needs is necessary to establish clear priorities for future investment, and should identify immediate health, safety, animal welfare, operational, accessibility, infrastructure needs, and long-term improvements to provide modern, humane, and efficient facilities. After an opportunity for public comment was held, the Committee moved to approve the recommendation contained in the Motion, as detailed above. This matter is now forwarded to the Council for its consideration.
