

MOTION

TRANSPORTATION

On Tuesday, September 22, 2026, a deadly hit-and-run crash occurred near 10th Avenue and 60th Street in the Hyde Park neighborhood that killed a 16-year-old boy and critically injured his 14-year-old sister. The community has noted safety issues at this location and it is imperative that the City immediately address this situation, including exploring the feasibility of installing infrastructure improvements to protect residents and pedestrians.

I THEREFORE MOVE that the City Council the Department of Transportation, working with the City Administrative Officer, to report within 14 days with the following:

1. A traffic safety assessment of the intersection of 60th Street and 10th Avenue, as well as the residential segment along 60th Street adjacent to the intersection;
2. Options for appropriate permanent and/or temporary traffic calming measures at the intersection of 60th Street and 10th Avenue, including but not limited to increased signage, updated striping, and speed humps; and
3. The identification of potential funding options for any of the identified traffic calming measures.
