Comments for Public Posting: We, the people, are SICK of being surveillance- by anyone, for any reason. That's the beginning of the conversation and that's the end of the conversation. This is a TOTAL WASTE OF MONEY and another notch in the Surveillance State's bedpost. Do u people think we are so stupid that we're gonna fall for the old "all in the name of our safety" line? NO ONE WANTS THIS. PERIOD. And you'll do it anyway.

Comments for Public Posting: Maybe the Axon company will do a better job as the Board of Police Commissioners believe, yet as stated it is good they suspended use of Flock cameras. But I am very glad to hear our own council-members voted to pause the Axon program in order to study it. Hurrah for civil rights, especially for immigrants. We are an immigrant city and there are other issues that are shocking violations of civil rights so hurrah for us taking the right steps on this issue!
