Comments for Public Posting: This proposal asserts without any evidence that seven disparate sites in one of the City's most affluent districts are experiencing crises of public health and/or safety due to homelessness (per se apparently). CD11 must place the specific, location-by-location documentation required by 41.18(c)(4) into the public record for each of the seven proposed sites, so that the Council's finding, and the public's opportunity to evaluate it, can actually satisfy the code the Council is relying on.

Comments for Public Posting: I oppose CF 26-4118-S7. Traci Park's last-minute "Findings" document does not cure the resolution's defects. It provides no actual LAPD or LAFD data, contains basic factual claims disputed by community outreach volunteers, and relies on a 500-foot exclusion zone that § 41.18(c)(4) does not authorize. Please vote no and review all existing (c)(4) designations for compliance with the ordinance.
