### **Passage Routes**

The City of Los Angeles has made significant investments to increase the number of interim shelter beds for people experiencing homelessness (PEH) within Council District 11. There is an immediate need to provide safe spaces to unsheltered people living in the public rights-of-way in Council District 11. It is imperative that the areas within 500 ft of the passage routes within this resolution

remain clear of encampments to ensure open, clear and safe public spaces for every person that may wish to pass safely through these communities.
